## Care Plans

At **AAA Attendant Care Agency** our personalized care plans enable clients to select and personalize the plan that suits them best individually. Whether a few hours a week or several hours per day. We have a plan that can be personalized according to the services needed.

We deliver the highest level of private duty care through the recruitment, selection, training and hiring of only the best caregivers in the industry. We choose caregivers as if we would do for our own parents.

Family members face a difficult choice when making a decision about their loved one's care. The thought of routines being changed worries many seniors and their loved ones. Seniors prosper, live better, and more independently without interruption of their daily routines when they remain in the comfort and familiarity of their own home.

At **AAA Attendant Care Agency**, we provide the non-medical assistance and support that seniors need so they can comfortably remain in their own home. We provide several companionship, homemaking, and errand services. We believe that seniors should be able to have the choice to stay at home, so that their daily routines are not interrupted. It is our mission to see that seniors remain independent and live a higher quality of life in their own home.

### COMPANIONSHIP SERVICES

Our concern is our clients. We make every effort to match each client with the best-suited companion care/attendant. All of our Attendants are:

- Carefully selected and screened. Each attendant successfully passes a **criminal background check** and several **reference checks**.
- Insured** and **trained**. Each attendant is trained to deal with the non-medical needs of the elderly.

At **AAA Attendant Care Agency**, your attendant is our employee. We are responsible for taxes, benefits, scheduling, workers' compensation and insurance.

### RECOVERING PATIENTS

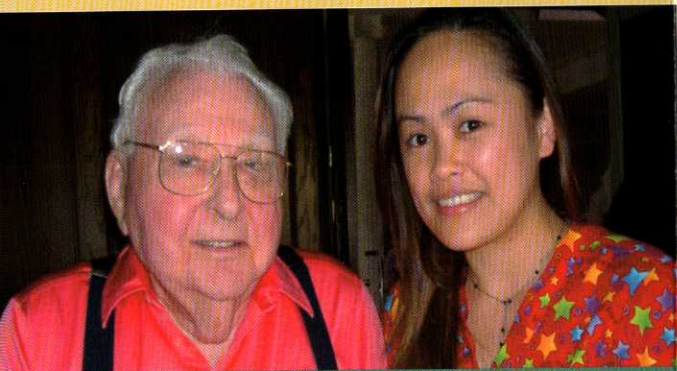

Our services are not only offered to seniors. We offer our services to anyone needing non-medical assistance.

Whether you are a recovering patient and need a helping hand, **AAA Attendant Care Agency** can help anyone requiring non-medical services.
